WORLD'S FIRST FULLY SELF-ALIGNING VINYL GATE HINGE

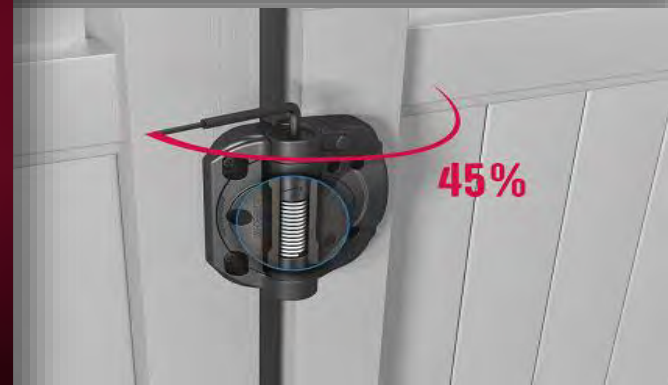

CoilKLIK self-aligning vinyl gate hinge has a patented coil-based system allowing installers to insert the supplied cordless drill bit or Allen key into the side of the hinge and quickly adjust it to the perfect horizontal position. CoilKLIK internal design works with the gate when it changes angles during horizontal adjustment. No stresses are applied to the hinges and the gate.

i ONCE THE ADJUSTMENT IS COMPLETED THE SAME ALLEN KEY IS USED TO INCREASE OR DECREASE THE HINGE SELF-CLOSING TENSION.
